Introduction and Preparation Instructions

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

INTRODUCTION

The Schedule of Expenditures of Federal Awards (SEFA) Checklist and the SEFA Data Sheet package are used to provide information to the Department of Accounting and General Services (DAGS) to assist in the preparation of the State's SEFA as required by the Federal Office of Management and Budget (OMB) Circular A-133. The SEFA Data Sheet package must be electronically submitted to DAGS, SEFA Preparation Team by August 31, 2013 at wayne.m.horie@hawaii.gov. Please contact Wayne M. Horie at 808 586-0600 if there are any questions.

SEFA REQUIREMENTS

SEFA Checklist:

- What is it? A tool to assist departments/agencies in preparation of their 2013 SEFA
 Data Sheet. It ensures that submissions are complete and accurate.
- Required by? Departments/agencies who expend federal funds and are included in the State's Single Audit Report.
- DUE The SEFA Checklist does not need to be submitted to DAGS, but must be completed internally prior to the August 31, 2013 SEFA Data Sheet package submission deadline.

SEFA Data Sheet Package:

- What is it? An electronic workbook containing all financial aspects of the department/agencies' SEFA.
- Required by? Departments/agencies who expend federal funds and are included in the State's Single Audit Report.
- **DUE** August 31, 2013. Must include the SEFA Data Sheet Package, which includes the department/agency certification.

INSTRUCTIONS

SEFA Checklist

- Complete all items in Part A before submitting the SEFA Data Sheet package.
- Complete all applicable items in Part B before submitting the SEFA Data Sheet package.
 Not all items in this section will apply to all departments/agencies.
- The completed checklist does not need to be submitted to DAGS. It is for your use to
 ensure that your SEFA Data Sheet package submission is complete and accurate.

SEFA Data Sheet Package

This Excel workbook consists of four separate worksheets:

• SEFA Data Sheet – This is the primary worksheet and is used to report all federal expenditures incurred during the fiscal year.

- Reconciliation This worksheet is used to reconcile expenditures reported on the SEFA DATA sheet to FAMIS appropriation account expenditures. This is to meet the accounting assertion of "completeness". This ensures that all federal grant expenditures recorded to the State's general ledger (FAMIS) are reported on the SEFA.
- FAMIS Appropriations This worksheet lists all the department/agencies' FAMIS
 appropriation accounts that record federal expenditures.
- Certification This worksheet is the departments' assertion to the State Comptroller that
 the financial information submitted is complete and correct. An "authorized official"
 refers to department head, administrative services officer, or other individual who is
 authorized to submit financial reports to DAGS for CAFR and Single Audit purposes.
 This should be printed, physically signed, and emailed to DAGS's staff.

PREPARATION OF SEFA INSTRUCTIONS FOR FYE JUNE 30, 2013

The SEFA is an essential document for planning and conducting the single audit of State departments and agencies. It also provides assurance to Federal and State agencies that award financial assistance that their programs or grants were included in the single audit. It is important to prepare this schedule carefully to ensure that it is **accurate** and **complete**. Any program or grant omitted from this schedule will be considered unaudited. This schedule should be prepared on the basis of accounting as designated by DAGS.

SEFA Preparation Procedures

Understanding the State's Policy

1. Read and become familiar with the Comptroller's Memorandum No. 11-34 establishing a statewide policy regarding the preparation of the SEFA by State departments and agencies included in the State's Single Audit Report.

Preparing the SEFA Data Sheet

- 1. The expenditures included on the SEFA Data Sheet shall be prepared on a **cash basis of accounting**.
- 2. Include on this schedule all federal awards with federal expenditures for the fiscal year. Federal awards expended include the following:
 - Expenditure transactions associated with grants, cost-reimbursement contracts, cooperative agreements, and direct appropriations.
 - Disbursement of funds passed through to subrecipients.
 - Receipt of loan proceeds under loan and loan guarantee programs.
 - Receipt of federal property and surplus property.
 - Receipt or use of program income (see revolving loan exception below).
 - Distribution or consumption of food commodities.
 - Disbursement of amounts entitling a non-federal entity to an interest subsidy.
 - Insurance contracts in force during the period under audit.

- Do not include expenditures that are not eligible for federal reimbursement or which make up the State Share of a program.
- Do not include programs with total expenses that are negative. (A program with net negative expenses is a prior year adjustment and is not reported on this year's SEFA).

Special Instructions for **SEFA Entity departments**:

- All departments included in the State's SEFA will be treated as one reporting entity and known as the "SEFA Entity".
- All departments listed on the Grant Notification or similar documents as the recipient will be known as the "Original Receiving Entity".
- Federal expenditures or transfers from one department to another department within the SEFA Entity shall be reported on the Original Receiving Entity's SEFA as federal expenditures. The receiving department within the SEFA Entity shall not report the federal expenditures or transfers on its SEFA.
- Federal expenditures or transfers from one department to another department within the SEFA Entity shall not be reported on the Original Receiving Entity's SEFA as Amount Provided to Subrecipient.
- Federal expenditures or transfers from a department within the SEFA Entity to a
 department outside the SEFA Entity shall be reported by the Original Receiving Entity's
 SEFA as federal expenditures. It shall also report the federal expenditures or transfers
 as Amount Provided to Subrecipient.
- Federal expenditures or transfers from a department outside the SEFA Entity to a
 department within the SEFA Entity shall be reported by the department within the SEFA
 Entity as Pass-through federal expenditures.
- 3. List all financial assistance from the same federal agency together on the schedule (for example, group all DOD awards together). Within each federal agency grouping:
 - a. List separately federal awards received directly from the federal agency by Catalog of Federal Domestic Assistance (CFDA) and grant number.
 - List separately federal awards that are clusters by CFDA number. To gather more information on clusters, refer to Part 5 – Clusters of Programs, OMB A-133 Compliance Supplement obtained from the following website: http://www.whitehouse.gov/omb/circulars.
 - c. List separately federal awards that are research and development (RD) clusters by CFDA number. If federal award includes both program activities and RD activities, list all of federal award as RD if RD portion is greater than 5%. If 5% or less, do not list grant as RD cluster. Retain justification and supporting documentation of RD portion determination.
 - d. List separately all amounts provided to subrecipients by grant number (Indirect awards). This should include only those federal awards provided ("subgranted") pursuant to a subrecipient relationship. It should not include federal awards provided pursuant to a vendor relationship. See OMB Circular A-133, Section .210 for subrecipient and vendor relationship determinations.
 - e. List separately all indirect federal awards from a state agency, local government or non government agencies (Corporations, Non-Profit Organizations, etc) by CFDA number. Indirect federal awards are the same as pass-through federal awards.

- f. Provide subtotals for programs with the same CFDA number. Also provide subtotals for assistance received directly and assistance received indirectly. Provide a total for each federal agency. Provide a grand total for the department.
- g. Identify all expenditures pertaining to the American Recovery and Reinvestment Act of 2009 (ARRA) separately. If your CFDA number includes both ARRA and non ARRA expenditures, each type must be shown separately. Agencies must identify ARRA funds separately, whether it is a direct award or subrecipient award. Place "ARRA" before the CFDA number.
- 4. If your department is the recipient of federal funds and transfers funds to a member of the SEFA Entity, the department should report the amount transferred under the federal expenditure column and not under the "Amount Provided to Subrecipient" column.
- 5. If your department is a subrecipient of federal funds from a member of the SEFA Entity, make sure that the amount is listed in the "Total per SEFA Data Sheet" column but not the direct, indirect or provided to subrecipients columns. The expenditure amount should be a reconciling item between the department SEFA and FAMIS.
- 6. It is important to note that the expenses reported on the SEFA will not necessarily tie to those reported on the operating statement, especially if the federal awards include loans, insurance, or commodities. However, amounts should agree or reconcile to records maintained by DAGS (FAMIS). Departments' records should always reconcile to FAMIS on a quarterly basis. Indirect costs, restricted or unrestricted as applicable, should be included in the expenditure amounts.

Reconciliation Between SEFA and FAMIS Procedures

- 1. Use the SEFA total balance per the SEFA Data Sheet and place it on the line that says "Per SEFA Data Sheet" under the amount column.
- 2. Use the total balance per the List of FAMIS Appropriations Expenditures and place on the line that says "Per FAMIS" under the amount column.
- 3. List under the line that says "Expenditure items that are in FAMIS but not in the SEFA Data Sheet. Explain reconciling item.
- 4. List under the line that says "Expenditure items that are in the SEFA Data Sheet but are not in FAMIS. Explain reconciling item.
- 5. If no reconciling items, the reconciliation is completed.
- 6. If reconciling items have been explained to your satisfaction, the reconciliation is completed.
- 7. Data supporting reconciling items must be retained and provided to the auditors upon request.

Preparing List of FAMIS Appropriations of Federal Expenditures

- 1. From DATAMART's Account Summary for your department/agency:
 - a. Locate the listing of appropriations for the department/agency.
 - b. Copy this listing to an Excel spreadsheet.
- 2. Sort the listing by MOF column.
 - a. Identify all the appropriations with expenditure amounts having a MOF code of "N" and "V".
 - b. Identify all other appropriations with federal expenditures that have a MOF code other than those mentioned in 2a, if any.

- c. Copy these appropriations to a new excel spreadsheet.
- 3. Sort the listing by Acct.
 - a. Hide or delete columns, except for Dept, MOF, F-FY-Acct, Account Title, Transfer out and Expenditure.
 - b. Subtotal appropriation expenditures by Acct.
 - c. Use total expenditures per listing in the Reconciliation Between SEFA and FAMIS.

Valuation of Federal Loans and Noncash Assistance

Federal Loan Programs

Use the following guidelines to calculate the value of "federal awards expended" under loan programs:

- 1. Amount of new loans received during the fiscal year;
- 2. Balance of loans from previous years for which the federal government imposes continuing compliance requirements; and
- 3. Any interest subsidy, cash, or administrative cost allowance received.

NOTE: Loans, the proceeds of which were received and expended in prior years, are not considered federal awards expended when the laws, regulations, and the provisions of contracts or grant agreements pertaining to such loans impose no continuing compliance requirements other than to repay the loans.

Noncash Assistance

Food stamps, food commodities, donated property, and donated surplus property should be valued at fair market value at the time of receipt or the assessed value provided by the federal agency. The Notes to the Schedule should disclose the nature of the amounts reported.

Other Preparation Hints for SEFA Data Sheets

Often, federal financial assistance received indirectly is a mix of federal and state or local money. List only the federal share on the SEFA Data Sheet. If the state or local portion cannot be identified, list the entire amount on the SEFA Data Sheet, and describe the commingled nature of the funds in the Notes to the Schedule.

Supporting Documentation

Departments/Agencies are required to retain readily available supporting documentation for the expenditures reported in the SEFA Data Sheet including copies of federal financial reports. The supporting documentation for subrecipient information should include the names of the subrecipients, project/award numbers, expenditures, etc. which makes up the total expenditures reported. This supporting documentation must be made available to the auditors upon request.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS DATA SHEET INSTRUCTIONS

This schedule should be prepared for the year in which federal awards are **expended**. Preparation of this schedule should not be based on the date(s) that funds are received (e.g., advances or reimbursement).

Column 1 DUNS #—Enter the DUNS Number associated with the award.

Column 2 **Award Type—**Enter the Award Type, Direct (D), including Clusters (C), Research and Development (RD), Non-Monetary (NM), and Indirect, including Pass Through (PT) designated for each program. If federal award includes both program activities and RD activities, list all of federal award as RD if RD portion is greater than 5%. If 5% or less, do not list grant as an RD cluster. Retain justification and supporting documentation of RD portion determination.

Column 3 **CFDA Number**—The CFDA number is a five-digit (XX.XXX) identification number that identifies the federal granting agency and the program. For example, the CFDA number for the U.S. Department of Agriculture (USDA) School Breakfast Program is 10.553. **Every effort should be made to obtain the CFDA number**. If the number cannot be obtained, or if an award has not been assigned a CFDA number, you can develop a CFDA number. The first two digits of the number should identify the federal agency. A list of the two-digit prefixes for all federal agencies is provided in the instruction's Appendix. Once you determine the first two digits, enter "UKN" after it and make sure the grant agreement number or contract number is listed for the grant. For example, an award from the U.S Department of Health and Human Services with no CFDA number, but with a contract number of "04356WA," can be entered on the SEFA as "93.UKN."

Column 4 **ARRA**—Enter an "X" to identify expenditures pertaining to the American Recovery and Reinvestment Act of 2009 (ARRA). This will require listing separately an amount for ARRA and Non- ARRA expenditures for the same CFDA #.

Column 5 **Federal Agency Name**—Enter the name of the federal granting agency that administers the program (for example, the federal grantor for Title I is the U.S. Department of Education).

Column 6 **Pass Through Agency**—Enter the name of the pass through agency that awarded the funding to your department (for example, DHS, DLIR, DBEDT, DOD, etc.). **Note: Leave this column blank if the award is received directly from a federal agency.**

Column 7 **CFDA Federal Program Title—**Enter the name of the federal program as listed in the Catalog of Federal Domestic Assistance (CFDA). Please do not use common names or nicknames in this column. The CFDA # is available in hard copy or can be viewed at www.cfda.gov/.

Column 8 **Department/Agency Common Name**—Enter the name of the federal program used by the department as a common name or nickname.

Column 9 **Grant/Contract Number**—Enter the grant agreement or contract number/code assigned by the federal grantor or pass through agency for grants with no CFDA # and for pass through grants. If a number is not available or applicable, enter "N/A."

Column 10 **Total Per SEFA Data Sheet –** Enter the total Federal expenditures for the fiscal year for each CFDA No. listed. This is a total of all the departments grant expenditures. Some grant expenditures may not carry forward to the department SEFA (Columns 11, 12 and 13).

Column 11 & 12 Federal Expenditures

• **Direct Awards**—Enter the amount of **expenditures** for assistance received **directly** from a federal agency. In calculating the amount expended for each program, be sure to include both direct costs and indirect costs (restricted or unrestricted).

NOTE: Any amounts your department passes through (i.e., a subgrant) to other departments are considered expenditures. Consequently, the total amount expended for a particular federal award includes all amounts expended by your department and any amounts awarded to other State departments.

• Indirect Awards—Enter the amount of expenditures for federal assistance received as a pass through award from a state agency, local government, non-profit organization, etc. Note: In calculating the amount expended for each program, be sure to include both direct costs and indirect costs (restricted or unrestricted).

NOTE: Any amounts your department passes through (i.e., a subgrant) to other State departments are considered expenditures. Consequently, the total amount expended for a particular federal award includes all amounts expended by your department and any amounts awarded to other State departments.

Column 13 **Amounts Provided to Subrecipients—**Enter amount of expenditures provided to subrecipients for each grant number.

III. DEFINITIONS

State - State of Hawaii.

DAGS - Department of Accounting and General Services.

Single Audit - In the United States, the Single Audit, also known as the OMB A-133 and it, is a rigorous, organization-wide audit or examination of an entity that expends \$500,000.00 or more of Federal assistance (commonly known as Federal funds, Federal grants, or Federal awards) received for its operations. Usually performed annually, the Single Audit's objective is to provide assurance to the federal government as to the management and use of such funds by recipients such as states, cities, universities, and non-profit organizations. The audit is typically performed by an independent certified public accountant and encompasses both financial and compliance components. The Single Audits must be submitted to the Federal Audit Clearinghouse along with a data collection form, Form SF-SAC.

IV. SCOPE

This policy applies to all State Executive Branch departments of the Hawaii State Government that are included in the State's Single Audit Report.

V. BACKGROUND

With state governments receiving greater amounts of federal financial assistance, the federal government needed to monitor that federal funds are spent correctly. As a result, the federal government peased the Single Audit Act of 1984. The Single Audit Act requires state governments to have a financial and compliance audit conducted by an independent auditor of the federal expenditures made during a liseal year. The State had a choice either to have the audit cover the entire state government's operations or the audit may cover only each department or agency which received, expended or otherwise administered federal financial assistance during the fiscal year. In 1985, the Hawaii State government elected to conduct Single Audits at the department level. This practice continued up until FY2008-2009. Comptroller's Memorandum No. 2009-17 changed the State's policy regarding the State's Single Audit that effective for the FY2009-2010 and thereafter, the State's Single Audit would cover the entire state government's operations. State departments and agencies that requested to continue preparing departmental Single Audit reports were allowed to by the State Comptroller.

VI. GENERAL PROVISIONS

A. MONITORING AND ENFORCEMENT

The State Comptroller shall ensure the departments' compliance with this policy and procedures through inquiries, reviews, investigations, and audits.

B. STATE COMPTROLLER'S EXCEPTION

If the policy or procedures result in undue hardship for a department or agency, the State Comptroller may, upon written request of the head of the department or agency, grant an exception to the policy or procedure. Each exception granted shall be by written memorandum.

C. AMENDMENTS AND REVISIONS OF THIS POLICY

The State Comptroller reserves the right to amend or revise this policy from time to time, as the need arises.
